

# Loudoun Classical School Part-Time Offerings 2023-2024

Class attendance is mandatory on all days the class meets. Part-time students may only remain on campus during their class periods.

In addition to the course price, parents will pay two fees per student:

- ❖ Application fee: \$100 per class due with application submission
- ❖ Materials fee: \$25 per class (\$50 for lab sciences) due by July 1
- ❖ All part-time and full-time students are required to purchase the school uniform.

Students may register for up to two courses as a part-time student. Please submit an application (found at [www.loudounclassicalschool.com/apply-here](http://www.loudounclassicalschool.com/apply-here)), noting somewhere on the front page that your student is applying as a part-time student, and list the courses desired. We reserve the right to require an interview with students and parents before enrollment is completed.

These classes include more class time than many of the classes offered in the area or online classes currently offered. In addition, our part-time students will get to participate in the rich covenant community and classroom experience at LCS. Our courses are priced to reflect this added value.

## Logic

Logic II: Formal Logic (Jr. High)

½ junior high credit

Cost: \$500

Time: W 12:50-1:45

Logic I: Informal Logic (Jr. High)

½ junior high credit
